## RE: CERTIFICATE OF APPRECIATION

We, the community of Akadot do send sincere special thanks to PLANET CHANGER, for having effectively and excellently protected our water spring.

We now have clean water and free from water borne diseases like typhoid, cholera, bilharzia, among others which used to disturb us a lot.

Our community being a horticulture area, further, kindly request your organization, to also consider, helping our farmers with training, and good quality cabbage, eggplant, tomatoes, and onion seeds, to help us, boost our household incomes like it has done in other communities.
