RE: CERTIFICATE OF APPRECIATION

For the first time in history of our area, we now have clean water, Thank You so much PLANET CHANGER for your grass root lives transformational support, without which, this would not have happened.

Your organization has fully protected our spring, Go DOWN SPRING, and we are now enjoying clean water. We are also now free from water borne diseases which used to affect us.

We kindly request and welcome your organization to do many more other poverty alleviation and development projects in our area.
